

**IME 2 Programme 2022 – 2023**  
**VERSION 1: 14 June 2022**

The IME 2 programme is compulsory for fulltime stipendiary curates, and attendance of SSM curates is strongly encouraged, with the exception of training sessions provided for Year 1 (initial training for deacons) which are compulsory for all deacons.

We try to offer evening or weekend options for most IME 2 events, to ensure SSMs in full-time employment are included. SSMs are never expected to take time off paid work in order to attend an IME session. Where there is a choice, stipendiary curates are expected to attend the full daytime option.

Some events will be open to other year groups to optionally book onto, as detailed below. Some events will be optional for all curates, offered on a 'first come first served' basis due to venue capacity. You will need to book onto the events via the relevant Eventbrite links, which will be circulated in due course. Do note the deadlines for these bookings, which are there for catering purposes.
